The Fall Elections

The returns of the elections in the States of Pennsylvania Ohio Indiana Iowa and Nebraska to day assure the continued ascendency of the Republicans in Congress and dissipate the last hope the Democracy may have had of obtaining a majority in that body. As yet the returns are meagre but they are sufficient to indicate the general result. The people are satisfied with the Republican party and decide that it shall still retain power. These elections plainly indicate the result of the next contest for President. General Grant will be re-elected. The opposition to him will hardly be vigorous enough to be entitled to the name of an opposition party. In fact Sham Democracy is now in a more hopeless condition than it ever was before. As a party it has no principles to urge and no policy to propose. It cannot command the confidence of the people and receives from them no consideration. It is in a far more hopeless condition than the Whig party was years ago, for that party though in the minority could command respect if it could not win victories. In Oregon owing to the arrival of escapades from Missouri whom the war made that State too hot to hold the so called Democracy have gained a temporary advantage but we will change all that in the next election. Can any candid Democrat who considers the condition of his party see any hope whatever for it in future? Might it not as well give up the ghost?

General Trochu

A late cable dispatch says that on the return of Favre from the headquarters of the King of Prussia a meeting of the Committee of Defence was at once held. Favre read Bismarck's propositions. Gen. Trochu at once rose and called for their rejection, instant and unconditional. He then said

I should condemn a hopeless contest, both as a citizen and a soldier. No man has the right to recommend suicide to a nation any more than to a man. But France is in no such emergency. The capital is able to resist, and with the fall of the capital the departments will rise. Winter is fast approaching, and the armies of the invader, already harassed and suffering, will then be exposed to the greatest want and misery. From all parts of the country the Republic is warmly endorsed and accepted. New armies are forming in the departments of the Loire and Lyons. And these brave Frenchmen mustering in arms for the defence of the nation would all of them disown our authority were we to humiliate France by such a surrender of her rights, her honor, and her dearest interests, as Prussia now demands of us. The great cities of France would not abide by our capitulation. The trials of this cruel war made a war of necessity by the implacable invaders will restore the manhood and elevate the spirit of the French people. I propose that the committee unanimously reject the conditions offered by Bismarck.

These remarks were vehemently applauded and the terms offered Prussia were unanimously rejected.

The Insult to General Sherman

The insult attempted by the Oregon Legislature to General Sherman is commented on by many Eastern papers. The following from the Philadelphia *Enquirer* of September 26 is a specimen of these comments

On the ground that the members of the Legislature of the far-away State of Oregon have not yet heard of the result of the European war they must be forgiven the stupid assertion that "a civil power is under no obligations to the military." This extraordinary language was evoked by a resolution inviting General Sherman to visit the capital of Oregon. In their assumed wisdom dignity and courage, the Solons of Oregon disgraced their State, insulted a tried, true and talented servant of the Union, and wrote themselves down as dunces by their preposterous assertion which all the world knows is untrue. The civil authority of Oregon is under obligations, aye and a heavy one, to no less a person than that self same General, whom, in its pitiful littleness, it sought to slight. We believe that the brave and strong men of the far northwest will, at the earliest possible moment, dispense with the public services of the men who, in their official capacity, did their best to insult so talented a soldier and valuable a citizen as William T Sherman.

Wendell Phillips, in his letter accepting the nomination of the "labor reformers" for Governor of Massachusetts, puts in the following shallow demagoguery. "It is a shame to our Christianity and civilization for our social system to provide and expect that one man at seventy years of age shall be lord of many thousands of dollars, while hundreds of other men who have made as good use of their talents and opportunities lean on charity for their daily bread." This is excellently answered by the New York *Independent* a paper which has heretofore seen much to admire in Wendell Phillips. It says: "If Mr Phillips can tell us how Christianity and civilization can so adjust our social system as to prevent the inequality he deplores, he will take rank above all the discoverers the world has yet known; and, until he or some one else can give us this information, the statement above quoted must go for so much idle breath."

Another proof of the economy practiced by the Government in all its Executive branches comes in the form of an official statement, says the New York *Tribune* showing that while the receipts of the General Postoffice have been over eleven per cent increase over those of the last year of President Johnson's Administration, the increase in the expenditures for the mail service has been less than two per cent. The deficiency to be provided for is only $1 626 777. The Postal Department may never be made self-supporting, but the policy of the present Administration is bringing it nearer and nearer that condition, and Postmaster General Creswell is winning deserved honor.

On Tuesday the *Herald* attempted a severe arraignment of the Republican party. It closed its article by saying that that party should "not only to be allowed by the people to die but ought to be suffered to be effectually damned." On the very day that this appeared in the *Herald* the people of several of the great States were considering the matter and the result of their deliberations is given in the dispatches this morning, to which in a spirit of kindness, we refer the *Herald*.

A special dispatch from Washington to the Philadelphia *Press* of the 26th ult states that Senator Williams is to be offered a place in the Cabinet at the expiration of his senatorial term. The dispatch adds: "A prominent Senator now here says the President has written Mr Williams to this effect. He will either be offered the Interior Department or the Attorney General's Office but most probably the former. Secretary Cox it is understood has signified his willingness to retire as he is wearied of political life."

A correspondent of the New York *Tribune* asks why the fraudulent election of John T Hoffman as Governor in 1868 was not contested. The *Tribune* answers "Simply because it is impossible to establish judicially for whom the fraudulent votes were cast." On the viva voce system which prevails in Oregon this fact can be ascertained and there can be no question that it is a great bulwark of protection for free and fair elections.

A True Democrat Ventilates Himself

The Boise *Statesman* has a long protest in the name of decency against the insulting treatment which General Sherman received from the Democracy of Idaho while he was in that Territory. In response to this the editor has received the following elegant epistle from one of the ex-Confederate hard rock Democratic lambs which he publishes entire.

BOISE CITY Oct 5 1870

EDITOR STATESMAN — I think my grace was [illegible] year with those [illegible] is a [illegible] has your [illegible] the compliment but I want no more of [illegible] me. I do not want to read a paper that only gives a [illegible] el barbarian and at the same time advocates the extermination of *savage barbarians*. To be plain Sherman and his damned bummers committed more barbarian outrages and brutality on white people—defenseless old gray headed men & women & children than all the Indians ever did from the Mississippi to the Pacific. True they may not have scalped as many but they did a thousand times worse they wantonly took from them the last crum and by fire destroyed their only shelter & left them to starve & perish amid the ruins of their once peaceful homes and you undertake to dragoon a decent community into lick spittles to such an inhuman wretch when bumming around on the money wrung from the sweat and sinews of the over taxed poor of a niggerized government. Your supposed case is an entirely overdrawn picture—the *respectable merchants* and *theirs* have no drunken bummers in their ranks to insult *your distinguished dignitaries* but I've seen the time when a Democrat, though an old gray headed man could not attend to his own legitimate business in the streets of his own town without being cuffed and kicked about and sometimes shot down by such drunken bummers as Sherman commanded in the South, when no honest man was safe in his own house amidst the sacred precincts of his wife & little ones and you have the audacity now to whine about wantonly insulting the good sense of the community. But remember there are some things the more you stir the worse they stink—the more you defend the character of such a detestible wretch the lower you sink yourself and all the glossing you can do won't save him from infamy. Such men as Sherman, Butler and Seward are bumming around to ease their conscience if they have any but there is no peace to the wicked, the devil will have his own and they will go like the old Baboon did on a Good Friday night, or like Stanton did, by their own vile hands.

Goodbye Jimmy, & when you want a little more of the unwritten history of the infernal outrages committed by your damned barbarian bummers, just call on your humble servt—

JAS H WHITSON

P S For this, you may talk as much Billingsgate at me as you please for there are yet too many of Pap Price's men here for you to use the *Bayonet* against one for a free expression of opinion. In other words,

Tickle me, dear Jimmy, do,
And in return I'll tickle you

Now that letter has what we call the true 'democratic ring' in it.

An officer of the Revenue Department fresh from an inspection of the cotton region of the South, estimates the growing crop at not less than 3,800 000 bales, a larger crop than has been produced since 1860. He also conveys the cheering intelligence that the quality will be superior to any crop ever raised in the country.

TENTH ANNUAL STATE FAIR

Third Day

SALEM Wednesday Oct 12

The report of the last trotting race of yesterday dropped out of my dispatch through the failure of the messenger between the fair ground and the telegraph office. The following were the entries: General Sherman, by P R Scott; Medley by T A Fletcher; American Exchange, by J J Welch, and Big Jim by J H Kincaid. American Exchange in the first heat distanced all the others thus winning the first premium, $60. Time 3 01. Sherman and Medley went two more heats for the second premium. Won by Medley in 3 09 and 3 05.

ELECTION OF OFFICERS

The annual election of officers for the ensuing year began at 9 o'clock A M and continued till 4 P M. There were several tickets or rather parts of tickets run, the principal competition being for the offices of President and Secretary. Daniel Clark of Marion, and M Wilkins of Lane, were the candidates for President—the former being chosen.

For Secretary there was a spirited contest between E M Waite and Jno Minto. Waite was elected.

The other officers chosen are as follows: Vice Presidents—T M Ward of Wasco and M Wilkins of Lane. Treasurer—Jno H Moores of Marion. Board of Managers—D C Stewart of Yamhill, G I Boskit, of Polk, Jerry Luckey of Lane, R B Willoughby, of Linn, Seth Luelling of Clackamas, A J Dufur, of Multnomah and A Luelling of Washington.

There was very spirited canvassing through out the day among the friends of the various candidates, several questions which were considered important, entering into the contest. It is understood, I think, that what is known as the Horse interest prevailed.

THE OPENING ADDRESS

was delivered at 10½ o'clock A M by the President Daniel Clark. I was not fortunate enough to hear it but it is spoken of as a practical common sense address, abounding with excellent suggestions to the farming and industrial classes of the State.

The Address was followed by a brief speech by Major Magone, who took the occasion to urge upon the people of Oregon the importance of a liberal support of the State Agricultural Society not only during the Fair season but during all the year round.

THE GRAND PARADE OF ANIMALS

entered for the season was an imposing exhibition. Several hundred head of horses mares, colts mules and cattle were led or driven round an immense circle. The procession was witnessed by the largest crowd I ever remember to have seen at a similar exhibition. The show of horses was bewildering, scores of curvetting stallions, splendid double teams tramping proudly in gay caparisons, fine brood mares with troops of colts noisy uncouth mules, all served to excite the general admiration, while they also served equally well to distract in such an ever changing exhibition that it was utterly impossible to note more than the general effect. The beholder retired with only just this impression, that he had seen an imposing display of the noblest animal next to man, but he could never get down to particulars, though a fortune or a life might depend upon it.

The exhibition of cattle was much more creditable than heretofore. Messrs Ankeny of Marion, Fisk of Marion, Stewart of Yamhill, Mitchell of Wasco and others showed a considerable number of blooded and graded bulls cows heifers and calves which would have ranked well, I think, in any American fair.

The show of yearling bulls was particularly fine. A number of those animals are thorough bred and are said to rank among the very best on the Pacific coast or elsewhere for that matter in the United States.

The sheep department has a good show also of blooded animals. The number of entries is larger than formerly. Several of the bucks and ewes shown have been imported within the last year.

The exhibition of

AGRICULTURAL IMPLEMENTS

Is but little better than yesterday but the display is far from being equal to that of the last two years.

Everybody is most agreeably surprised at the increased display in

THE PAVILION

Nearly all the available space in the old wings is now occupied and the managers feel that this feature of the Fair has been fairly rescued from failure. The per cent of increase in most all classes in the Pavilion is from twenty five to fifty, in some cases it is even greater than that. For instance last evening the entries of garden products were only 19, to day they are 80. Domestic manufactures number 42, woolen manufactures 7, dairy products 35, fine arts 44, flowers 90, fruits 40, and other classes in proportion. Horse entries are 290, sheep 112, swine poultry etc, 49.

SADDLE AND CARRIAGE HORSES

The trial of saddle and carriage horses brought out a considerable number of very fine animals.

For saddle horse F Rexford took the first premium and G J Coffee the second.

For best span of matched carriage horses, the first premium was given to Robt Henderson of Yamhill, and the second to H G Hadley of Lane.

For matched buggy roadsters first premium to E Martin & Co of Portland, and the second to H G Hadley.

W. C. Scoggin's Jack Minor carried off the first premium for a thoroughbred stallion four years old and upward and J Smith's Bulwer the second.

RUNNING RACE

For the single dash of one mile two in three for $75 there were three entries: Scoggin's Jack Miner, Lascelles' Greyhound and Baker's White stockings. The horses got off badly, Jack Minor starting far behind Greyhound and the three coming well together. Whitestockings took and kept the lead till the half mile stake pressed closely by Greyhound while Jack devoted his attention to closing up the fearful gap between himself and the others at the start. At the three quarter mile turn he brushed up and appeared to be ahead and from that point he took the lead. Greyhound went under whip and spur leaving Whitestockings more than distanced. The grey came down from the distance stake with a desperate rush passing the stand not more than a halflength ahead of Jack. The race was given to Greyhound of course but Jack Minor redeemed his Hillsboro defeat by closing in the dash a gap of more than sixty feet and putting the victory right to the whip and spur to win. The time made by the winner was 1 54½.

THE RECEIPTS

At the gates at [illegible] P M to day aggregated $9 630. The number of people on the grounds to day was variously estimated from 10 000 to 1[illegible] 000. Midway between these figures would probably be pretty near the correct thing.

An Act to Punish Radicals

[From the Eugene Journal]

It is rumored that the Democrats in the Legislature who charged the Republicans with selling out to a monopolist and then immediately sold Kelly to the same monopolist, have another brilliant scheme on foot. Having sold and otherwise disposed of all the Democratic offices and patronage of the State—Kelly thrown in as a kind of worthless jewel to adorn the crown of a grinding monopolist—they now propose to commence on the offices, patronage, and other possessions of the Radicals, and make a clean sweep of them. They can't carry Portland for the "Radicals" have a clean majority of about 400 there but they nevertheless have a hankering after the offices and pickings of the metropolis and are talking of passing a "new charter" for that city, which is to enable Governor to appoint the Recorder, a Police Board and other municipal officers. It is true the people have elected these officers and according to the true principles of Democracy they have a right to elect them as long as time lasts, but what does Oregon "Democracy" care for the rights of the people? Besides "Radicals" have no rights which Democrats are bound to respect. When a Republican is elected to the Legislature a Democrat can get the seat by merely claiming it, no matter if he was defeated by forty or fifty votes before the people. And on the same principle when Democrats are defeated in Portland or any other town by the people why not turn out the Republicans and let the Governor appoint the defeated Democrats or some other hungry members of the party to the vacant places. If this is a good rule to apply to members of the Legislature let it be applied to all other officers throughout the State. And if "Democracy" is such a glorious thing let the people have a chance to snuff the sweet odors of the party and let them pay for it. We who live in Lane county have to pay 18 mills on the dollar, under Democratic rule instead of 11 under Republican, and the property has nearly doubled so it costs more than twice as much to keep up affairs under Democrats as it did under Republicans. This is cheap enough for such a supreme luxury. Let Portland be attended to immediately. As Eugene is "Radical" being a desert spot in an oasis of Democracy we would respectfully suggest that it be included in the bill also. Such Radicals as A S Patterson J B Brown Geo Humphrey A V Peters Joel Ware and J G Gray should not be tolerated in a Democratic county and in a State where the Government is Democratic in every department.

THURSDAY MORNING OCT [illegible]

CITY.

[illegible]—We understand that the western [illegible] of St Helens is now building [illegible] part of [illegible] as a gymnasium [illegible] people [illegible]. The [illegible] is often neglected by superintendents. The [illegible] of exercise [illegible] is just about as necessary to the success of the students as the [illegible] of books or [illegible].

WILL LEAVE TO-DAY.—The tug boat [illegible] with [illegible] three vessels [illegible] lumber at Coffin [illegible] lumber at St Helens and the [illegible] cargo with lumber [illegible] San Francisco. The fleet will be off about [illegible] 10 o'clock M. The bark [illegible] leave this morning for St [illegible] Johns and Hammer to complete her cargo for San Francisco.

SALE OF REAL ESTATE.—Mr William David, real estate dealer has effected the sale of lots [illegible] in block No 24 situated on Third between F and G streets Couch's Addition with a house on the same to Col J S Walker and Capt A B Nickerson for the amount of twenty seven hundred and fifty dollars [illegible] gold coin and lot No [illegible] in block No 15 Couch's Addition to Mr R [illegible] Dowell for five hundred dollars, coin.

THE TEMPLE CLOCK.—The agent of the American Clock Company at San Francisco under date of the 6th inst informs Capt Wm Dierdorff that the clock for Odd Fellows Temple in this city together with the bell left New York by rail on the 26th of September and would reach San Francisco about the middle of the present month when it would be promptly forwarded to Portland. The casting of the bell accounts for the unusual delay.

SAD.—The Democratic Legislature opened with the appearance of retrenchment. How they carry out these pretensions is observable by the reports of proceedings. They do not propose to give one cent toward assisting the Portland Labor and Immigration Exchange but to carry out their own plans they appropriate thousands. "Not one cent for tribute but millions for the [illegible] of the faithful" should be the motto.

[illegible]—That portion of the community which had become so very deeply interested in the matters which were detaining the tug boat *Astoria* so long from the bar could have had their curiosity satisfied yesterday by a visit to the tug at the New York China and Liverpool dock. Her hawse-pipes were fitted to their holes and the tug will soon cease to be a subject for comment. She will return to the Bar.

CROWDED.—The various hotels in our city are said to be filled with guests and the real estate agents report that they are unable to accommodate a moiety of the house hunters. We should like to have the cause of this influx of population explained.—*Herald, 12th*

The main causes are Ben Holladay's "extortions," and the efforts of that gentleman to "reduce Portland to the condition of a rat hole."

RAILROAD RIDING.—The Oregon and California Railroad Company run trains every half hour between the Fair grounds and Salem. This gives visitors from the interior a fine opportunity to get a railroad ride. Besides it accommodates the public. The dust in the road and overcrowded vehicles drawn by horses were formerly the only means of communication between points.

FOR SITKA.—The North Pacific Transportation Company's propeller *George S Wright*, Capt F C Wait, cleared for Sitka last evening. Her cargo consists of about 70 tons of produce and assorted merchandise, 20 head of sheep and 3 head of cattle. The following persons went as passengers: Maj J S Walker, C H White, J Johnson, A Wasemere and six soldiers.

PUSHING OUT.—Sidewalks and plank road ways are being laid in Main street as far westerly as Twelfth street. The Eighth street grade to the junction with Main is nearly completed. Fine residences are being erected in that vicinity and beyond. Improved streets are to a city what railroads are to the country. They build up waste places.

CHILD HURT.—An up town grocery delivery wagon yesterday was driven so furiously around a corner where a party of little children were playing that one of them was hit by the wheel, and knocked down. The child was hurt but to what extent our informant did not learn.

WAY STATIONS.—Eight Stations appear on the Time Card of the Oregon and California railroad. Leaving East Portland first comes Milwaukie 7 miles, Marshfield 11, Oregon City, 15, Rock Island, 19, Canby 24, Aurora 28, Gervais [illegible], Salem, 51 miles.

VALUABLE TRACT.—A few years ago a ten acre tract of land in the south western portion of this city was sold by Hon J W Nesmith to eastern parties for $4 500. The same ten acre tract all covered with stumps is not for sale at $40 000.

LADIES FESTIVAL.—The ladies of St Stephen's (Episcopal) Chapel will give an oyster supper on Wednesday evening of next week for the benefit of the Chapel. The place at which the festival will be held is not yet determined upon.

LUMBER FOR CHINA.—The *Garibaldi* has dropped down to Estes & Stimson's saw mill and will take a cargo of lumber for China. The mill is now engaged on the lumber and will saw out the whole cargo within ten days.

FINE CAR.—Mr Holladay's fine private car passed over the road yesterday for the first time. Mr Holladay and the Count and Countess P[illegible] and a number of Mr Holladay's invited guests were passengers.

TEAMS FROM WASHINGTON COUNTY.—Ninety four teams passed the Canyon Garden for Portland between the hours of 6 A M and 2 P M loaded with grain. These teams are from Tualatin plains.

A HOAX.—The Amity robbery report was a hoax. It is now [illegible] that Mr Getchell has not been robbed, gagged nor molested in any manner. How the story got its start we are unable to say.

BURNING [illegible].—A defective flue at a private house in the upper part of the city caused a fire yesterday which was put out however without very much damage and without a general alarm.

NO QUORUM.—Four members of the Council being [illegible] at [illegible] which was being attended to yesterday there was no quorum last night, consequently no meeting of the Council.

[illegible]—A lady's new hat found a lost [illegible] [illegible] a gentleman at the American Exchange. The owner can have the hat upon proving property and paying for this notice.

[illegible]—The funeral of the late George Clark will take place at 12 o'clock to day [illegible] on [illegible] he was Portland [illegible]

[illegible]—The [illegible] is [illegible] but she can [illegible] and will take a man [illegible] her [illegible] her docks [illegible] the [illegible]

LOADING.—The A [illegible] is loading at [illegible] Dock [illegible] having [illegible] of her cargo engaged she will have quick dispatch.

[illegible]—[illegible] was about to leave [illegible] last evening a flue [illegible] in her boiler which caused a detention [illegible] till a clock.

PERSONAL.—Mr L S Kearney U S Marshal for Washington Territory was [illegible] city yesterday. He leaves for Olympia this morning.

PASSENGERS.—The down train from Salem last evening brought about 900 passengers. The train was composed of five first class coaches.

THE CORSON [illegible].—The brig [illegible] is advertised to sail for San Francisco.

Life in Alaska.—The morals and social con... of the Russian population at Sitka must indeed be demoralizing if we give credit to the following statement from the Alaska Times of Sept 15th 1870:

When the U S troops first landed here Gen Davis who was commander had buildings along with him the frames and materials to furnish comfortable quarters for both officers and men and which could have been erected on some ... the islands a mere ... stone throw of the city but through an eagerness on the part of that officer to save a few thousand dollars for the ... ernment he plants his ... soldiers in the heart of the city and what is the result of this misguided judgment on the part of the Commanding General and the other officers who sided with him? You have only to travel through Sitka to see the consequences. Who will not blush when he reads that out of a Russian population of about five or six hundred people in Sitka there are not over three young girls of the age of thirteen years who are not prostitutes and in making this assertion we challenge contradiction. The soldiers being stationed in the heart of the city went around spreading contamination and disease and a state of demoralization which was only surpassed by that which existed at the time Sodom and Gomorrah were destroyed by an avenging God.

This is a pretty rough picture but the story of the Times is not half told in that paragraph. We are informed that the inhabitants of the Islands north of Sitka 1 000 miles where Bishop Paul has been situated do not consider prostitution a vice. The tenor and tone of the paper from which we quote the above goes to assure us that very much trouble is in store for Alaska unless the residents there are allowed some sort of civil government. They ask, at least to be made a county of Washington Territory if nothing more. And they ask the people of the United States whether they are not entitled to some considera tion. The Times complains that they are denied courts of justice and cites eight instances where murders have been committed in Sitka inside of the last three years and every murderer has escaped the punishment he deserved except one who is now in the military guard house awaiting trial and unless they soon get a court he also will escape the punishment he so richly deserves. It is alleged that one arbitrary order after another reached them from Washington, which has crippled commerce, ruined trade beggared merchants and business men and has actually driven out of the Territory hundreds of experienced miners trappers and fishermen the very men most needed to prospect and develop the resources of Alaska. It claims that for hundreds of miles south of Sitka the country is settled by Indians who are treacherous thieves by instinct, and have no more regard for life than they have for virtue; that they are quarrelsome, and have already evinced a disposition to cause trouble. Taken in all its phases life in Alaska is rather rough according to these reports, which we have no reason to doubt. The Times has been removed from Alaska but will continue to advocate the interests of the Territory at Seattle W T.

WAR MISCELLANY

The special correspondent of the Tribune at Carlsruhe telegraphs: "Public meetings are wholly prohibited at Konigsberg, the Military Governor insisting that the Saxon authorities have forbidden all gatherings from fear of the Democratic Socialists of Saxony."

A dispatch from Ostend says German accounts are to the effect that Bismarck is not at all adverse to making an arrangement with Favre, but King William is determined not to treat except with Napoleon and the Tuileries. His Majesty replies that he has a debt to pay to the memory of his parents, and France shall make peace as she once forced Prussia to make peace—in her capital and in the palace of her sovereigns. On this point the King will hear no one. He says he is bound in honor to the Emperor not to recognise his overthrow through the advantage taken by his enemies of the victories of Germany.

An English paper having remarked that the Prussian plan of campaign had been drawn up by the general staff that accurate and erudite journal the Paris Figaro, reproduces the intelligence in the following style: "Do you know who was the Prussian General charged by the Ministry of War ever since 1866 with the duty of collecting at Paris information respecting the route from our capital to the frontier? It was Gen Staff whom everybody in the best Prussian society knew well, and who was received everywhere," etc etc. And to think that this terrible fellow should have got away without being taken up as a spy.

A letter from Berlin to the Boston Advertiser says: The Prussian losses have been frightful. All admit it. After the battle of Gravelotte King William telegraphed to the Queen that he was afraid to inquire how great they were. At Sedan they were scarcely less. But no official announcement of the number of the dead and wounded has been made or is likely to be made. The most we know is that almost every family is in mourning, but I have yet to find the first person who is willing that the war should close previous to the unconditional surrender of Paris. Old and young, peasants and professors in the universities have one and all somehow acquired the idea that the western boundary of Germany which nature indicates is the range of mountains beyond the Rhine.

The New York Punchinello, a professedly humorous paper illustrates in its current number a very pointed truth, by a cartoon representing John Bull standing before a tent on which is a sign of "Sutler General" and surrounded by all the implements of war which he offers to international customers. The stock embraces piratical vessels like the Alabama, Orsini bombs coal sabres poison for wells pistols rifles powder &c &c. The humor of the picture is the severity of its truth. England has no politics save that of the shopkeeper. She welcomes any calamity that sends her a customer. As the Chicago Tribune says, she is no longer recognized as a military power. Her influence in the control of continental affairs is nominal because no one in Europe believes that England could be kicked into a war with any first class nation. England is justly regarded as the "Sutler General" of the world.

The Career of a Famous German Revolutionist.—Dr Johann Jacoby just sentenced by the Prussian Government to a term of imprisonment for drafting resolutions against the forcible annexation of French territory knows more of the inside of prisons than even ... He is an old time consistent leader of the German Democratic party and has always been in the van of political movement. In 1840 he wrote a memoir on the ... for which he was sent ... to three years ... prisonment. After 1848 he was a member of the first German Parliament and then of the Prussian Chamber. He was a steady oppositionist and though speaking but rarely made himself ... the ... House. When the Parliament was forcibly dissolved he returned to Switzerland and hearing there was process against him for treason he voluntarily returned and fought the lawsuit successfully. He was again elected but refused to serve and returned to his practice. He was subsequently a member of the new Chamber and was sent to prison for seditious language and again for another fourteen months for his memoirs of Herr Simon. His persecution by the Government of Prussia has been unremitting.

THE OREGON LEGISLATURE

Sixth Biennial Session

SENATE—Morning Session

SALEM Wednesday Oct 12

The Senate was called to order at 9 o'clock A M by President Fay.

The roll was called and all the Senators were recorded as present.

After [illegible] the [illegible] was [illegible] and [illegible] the Senate [illegible] committee for [illegible]

[illegible]

Mr Herley [illegible] Washington State Register [illegible] the State [illegible] $4 [illegible] The report was [illegible] Mr H [illegible] Judiciary Committee.

Mr Mosher from the Judiciary Committee reported [illegible] to pass [illegible] the State [illegible] Road Company.

[illegible]

Mr [illegible] asked to be relieved from the chairmanship of the committee [illegible]

Mr Cornelius [illegible] He well knew the [illegible] work [illegible] a great hardship.

Mr Cochran [illegible] briefly give his reasons for asking to be excused and those reasons [illegible] on Ways and Means [illegible] longer to serve on other committees. One of [illegible] he assigned was the [illegible] yesterday treated the report he had presented. When the Senate refused to act on a report presented by him he no longer wanted to act on committees. Another reason was that the President had before treated him unfairly and grossly.

The President called the Senator [illegible]

Mr Mosher was opposed to excusing the Senator. He might [illegible] the President [illegible] unfairly [illegible] but it [illegible]

Mr Cochran had been called up [illegible] his reasons and so long as he stated facts could not see why he was not in order. He had appealed from the President and the President had refused to entertain the appeal. He considered it useless to appeal. He had been [illegible] years in the Legislature and would continue to serve here if the people of his county could not find anyone willing to take his place. He expected to place this matter before his constituents as well as to submit his will to legislation [illegible]

[illegible] He did not want to interrupt the business [illegible] He desired to be treated with proper respect [illegible] which he believed already formed [illegible]

Mr Cornelius could complain of the [illegible] He had [illegible] presented two reports, one of which was [illegible] and the other was refused even that amenity. Although he was somewhat chagrined yet he would not refuse to sit on committees and prepare their reports nor find fault with the President or Senate.

The motion to excuse was lost—ayes 7 nays 11

Mr Hollister reported S B No 45 amending the Election Law with an amendment which was adopted

Mr Patterson from the Committee on Claims reported in favor of S B [illegible] providing for reimbursements in certain cases

Mr [illegible] from the Committee on Corporations reported S B 16 providing for a wagon road from the mouth of Sandy to Dalles City with a proviso that the money shall be appropriated unless Congress decides that the grant of land is for school purposes

Mr Cochran opposed the [illegible] because the Constitution prohibited the passing of one law depending upon another. This law would depend upon the action of Congress

The report of the committee was adopted

Mr Hoult from the Committee on Counties reported in favor of S B [illegible] attaching Tillamook to Yamhill for judicial purposes

Mr Cornelius thought the bill should have been framed in accordance with the petition—of the petition was referred to be acted on—attaching for election as well as judicial purposes

The President—The report is in accordance with the instructions of the Senate

Mr Newby was satisfied of the propriety of the Senate separating the two propositions and attaching the county for judicial purposes and not for election purposes

The same committee reported S J M No 4 asking Congress to extinguish the title to the Siletz Reservation which was adopted on motion of Mr Trevitt—ayes 10 nays none

Mr Trevitt from select committee, reported in favor of loaning money to Baker City Academy

Mr Mosher from Committee on Roads and Highways reported S B No 14 amending the Road law with amendments. The amendments were adopted on the motion of Mr Newby

Mr Hendershott from the select committee reported a substitute for S B 12. The substitute provides for an appropriation to construct a canal and locks on the west side of the Willamette Falls, and is similar to the bill passed at the last session

Mr Hendershott from the special committee to whom was referred S B 19 to create a Commissioner of Lands, reported the bill with amendments

Mr Mosher moved to adopt the report

Mr Cochran called for a division and separate vote on the amendments. The first three were adopted

Mr Cornelius objected for the reason that it did not provide for the valuation of the land. The law as it now stood allowed the Superintendent of Schools to appraise the land. This bill changed the amount of the minimum price from $2 50 to $1 25 per acre

Mr Burch—It does not change the law as it now exists for the land cannot now be sold for less than $1 25 per acre

Mr Hendershott—This bill allows the Commissioner to take the place of the County School Superintendent leaving it discretionary with the Commissioner

Mr Burch thought it repealed the law but that the Commissioner could appraise the land at more than $1 25 per acre

Mr Cochran said there was no provision for appraisement but it might be inferred when it says not less than $1 25 per acre. He desired to get all the land was worth for the benefit of the school fund. Land would yet be located near county seats of considerable value

Mr Mosher suggested to amend in the repealing clause leaving the appraisement clause.

Mr Strahan would like to vote for the bill and should do so if the objection now presented to his mind was removed. In Benton county some school lands had been appraised at $10 per acre and he proposed an amendment leaving it as in the statutes

Mr Hendershott—It was not the desire of the committee to repeal that portion referred to

MR BURCH IN THE CHAIR.

The amendment proposed by Mr Strahan was adopted

Mr Cochran objected to the fifth proposed amendment, that it created the office of Register at LaGrande. He thought it better to send the Commissioner to LaGrande than to pay two officers. He did not want an officer without reasonable compensation nor an office without any necessity

President Fay disliked to differ from the Senator from Lane whose large experience gave him a better opportunity to judge of the practicability of such measures. A law was passed in 1868 creating the office of Register at La Grande. This does not create that office—so the Senator's remarkable memory was at fault

Mr Cochran said he was aware of the law and the reason it had not taken effect was the failure to elect a Register; but he did not want two offices

Mr Stout had some doubts about the propriety of creating two offices but when he viewed the vast extent of country east of the mountains isolated as they were and that but little legislation of advantage to that section had been passed, he favored this office of Register for their accommodation

Mr Cochran—If this amendment prevailed and two offices were created the Union county residents could have their business attended to for less by the School Superintendent than by the Register and the latter would have his salary and office without work

Mr Newby hoped the two offices would be created otherwise the people east of the mountains would have to come to Salem or take the chances of sending a letter

The amendment prevailed—ayes, 13 noes, 7

The President resumed the Chair

Mr Stout from the Select Committee reported S B No 34 amending the Portland Charter and stated that his colleague although differing with him in some of the provisions had united with him in the report to bring the question before the Senate

Mr Stout moved to make special order for 10 A M to-morrow. The motion prevailed

Mr Baldwin from the Committee on Insane Asylum reported in favor of the Governor contracting with Dr Hawthorne at $6 00 per week for keeping the insane the next two years. The report compliments Dr Hawthorne for the present condition of the Asylum and doubts the financial condition of the State justifying the construction of buildings at present

On motion of Mr Burch, the usual number of copies were ordered printed at the suggestion of Mr Trevitt in bill form so that it would be more convenient

On motion of Mr Strahan the report was made the special order for 10 A M Saturday

Mr Newby moved to reconsider the vote on S B 9 amending the road law, which motion prevailed and the bill was recommitted with instructions to amend

Mr [illegible] introduced S B [illegible] to [illegible] break up the Oregon Legislature

On motion of Mr Newby the usual number of copies were ordered printed

THIRD READING OF BILLS

S B 19—Appropriating money to construct a wagon road from the mouth of the Sandy to Dalles City was on motion of Mr Trevitt made the special order for 9 A M to-morrow

The bill loaning $10 000 to the Academy at Baker City passed

S B 68 was substituted for S B [illegible]. On motion of Mr Burch all after the enacting clause was stricken out and the substitute adopted instead

The bill was ordered to be engrossed and read a third time to-morrow

S B 14 45 and 19 were read

The Senate concurred in [illegible] books [illegible] office

BILLS READ SECOND TIME

H [illegible] 33 and 42 were read and referred

THIRD READING OF BILLS

Mr Baldwin from the Committee on Enrollment reported S J M No 3 [illegible] enrolled

Mr Crawford presented a memorial asking for the publication of an explanation of the [illegible] massacre by the United States

On motion of Mr Crawford it was referred to a select committee of three. The President appointed Messrs Crawford Cornelius and Cochran

On motion adjourned until 9 30 A M to-morrow

STATE SALARY BILL

Mr Paquet [illegible] Mr [illegible] presented [illegible] referred to the [illegible] Roads and Highways

SALARIES OF STATE OFFICERS

Mr Whitaker from the Committee on Ways and Means reported [illegible] H B [illegible] An Act to regulate [illegible] salary at $[illegible]

Mr [illegible] the amendment [illegible] Judges [illegible]

Mr Whitaker was [illegible] that $3 000 would [illegible] State [illegible] Judges [illegible] [illegible] a day while they must spend time [illegible]

Mr Hare declared the present salary insufficient. He stated that Judge [illegible] of the First District had been unable to live on the salary but had actually expended [illegible] He would hate to give up what little practice he had for [illegible] He read from the Constitution the Article naming the salaries of State officers [illegible] that the salaries [illegible] by law until an ending [illegible] preponderance of political conflict in [illegible] sufficient salaries should be allowed

Mr Whalley had taken the pains to investigate the question [illegible] of the Constitutional Convention showing that a [illegible] Governor and Secretary of State from being increased above $2 000 per annum had been voted down by the Convention. From this he inferred that the framers of the Constitution [illegible] the salaries be raised [illegible] the present salary entirely inadequate. His own family expenses [illegible] a wife and three children without a servant [illegible] year. The people of Eastern Oregon [illegible] County Treasury and [illegible] salaries [illegible] least $3 000

Mr Grant saw a [illegible] in all this talk about increasing [illegible] He [illegible] was elected [illegible] Judge or [illegible] He believed the salaries high enough

Mr [illegible] State [illegible] better leave the State [illegible] expenses [illegible] salaries [illegible] (Laughter.) He wanted no [illegible] Oregon [illegible] but desired more [illegible] (Laughter.) Officers should be willing to serve for patriotism

Mr Dunbar—[illegible] to make a little speech but since listening to the eloquent gentleman [illegible] will not say my speech. I agree with him except as to our wives and children (Laughter)

Mr Lockhart had become [illegible] by conversation with Justices of the Supreme Court and by observation that the present salaries are too low [illegible] way to more liberal ones. The Judges should receive at least $3 000

Messrs Apperson and Shuck were opposed to the bill

Mr O'Regan suggested that perhaps some gentlemen who oppose increasing the salaries expect something to be Justices of the Supreme Court and had no doubt that if they should succeed $1 500 would amply compensate them (Laughter) but for men who have devoted a life time to the legal profession $1 500 would not be sufficient. A Judge should be paid a sufficient salary to enable him to live respectably and dispense the courtesy which the office imposes upon him. He would vote for the bill

Mr Hayden was in favor of a reasonable increase of the salary but opposed the bill on constitutional grounds

Mr Helm had no doubt of the constitutionality of the bill nor any fear of [illegible] the Democratic party by passing it

Mr Amis asked Mr Olney to give his opinion upon the subject

Mr Olney said he had some doubts as to the constitutionality of the bill [illegible] thought the salaries of the Judges should be [illegible] $3 000

Mr Paquet in reply to the remark that Republicans desired to lead Democrats into extravagance, said that as a Republican he would oppose raising the salaries

Mr Hare argued that it was simply a matter of right to increase the salary of the Judges

Mr Drain said that Judge [illegible] had stated on his nomination that unless the salary was increased he would resign. He did not do so, but is still Judge. Twelve years afterwards he said the Judge of the First District could perform all his duties in two months in the year and he thought $2 000 a very good compensation for such services

Mr Calloway moved the previous question which was ordered by the House

The amendment to the amendment was rejected

The vote upon the amendment was as follows Ayes—Messrs Alexander Apperson Burnett Caldwell Clark Dorris Elkins Earhart Fulton Grant Helm Hoult Harrison Hunter Lockhart Mankey Ostrander O'Regan Porter Rader Starkweather Shuck Savage Thompson Wells Whiteaker Wall and the Speaker—28

Noes—Messrs Amis Carson Calloway Carlisle Drain Dunbar Davenport Dashell Hutchinson Harrison McLane McCoy Mills Olney Paquet Townsend and Whalley—17

The amendment was annulled as lost

The second amendment of the committee was adopted

Mr Whalley moved to amend by striking out the words "five hundred" so as to leave the salary at $3 000

Mr Amis moved to lay the amendment on the table. The latter motion was lost and Mr Whalley's motion was rejected

Mr Drain moved to reconsider the vote by which the amendment proposed by the committee ($2 500 a year) was rejected

Mr Olney advised the friends of the bill to vote for reconsidering the vote. The motion prevailed—ayes 30 nays 9. The bill was ordered engrossed

Mr Whiteaker from the Committee on Ways and Means reported an amendment to S B 38—An Act to create the office of Assistant Treasurer of State reducing the percentage on disbursements 1½ to 1 per cent

Mr Apperson said he proposed to offer at the proper time an amendment allowing but one-eighth per cent on receipts and disbursements instead of one per cent upon receipts and one and one half per cent upon disbursements. He regarded the provisions of the bill as offering at least a salary of $3 000 in addition to the salary of $800 a year

Mr Whiteaker said the greatest mistake the Constitutional Convention had made was in fixing the salary of the State Treasurer at $800. He had been the poorest paid officer in the State. He is required to give bonds in the sum of $300 000 for the faithful discharge of his duties. He is responsible for all the State funds and needs the exclusive services of at least one first class clerk which could not be procured for less than $1 800 a year. He said the ex Treasurer had received $4 200 over and above his salary for issuing the bounty bonds. He thought he had received no more than his due and did his duty as well as any Treasurer the State has had. He deemed it simply a matter of justice that the compensation of the State Treasurer should be increased

Mr Hare opposed the bill because it conflicts with the provisions of the Constitution which says State officers shall receive no perquisites. He was in favor of increasing the salary of the Treasurer directly so that the people could understand it

Mr Caldwell moved to adjourn till Saturday but at the request of Mr Whiteaker he withdrew his motion

Mr Helm urged the propriety of raising the salary and favored the amendment. The amendment was adopted

Mr Drain offered an amendment [illegible] from the [illegible] the money turned over by the Treasurer to his successor

Mr McCoy opposed it believing the bill as it came from the Senate was right

The amendment was adopted and the bill was ordered engrossed

At 12 o'clock M the House adjourned till 2 o'clock P M

The World Grows Wiser.

The human stomach has been shamefully persecuted organ. There was a time when for every ... duty it was punished with huge loads of the most disgusting and nauseous drugs. In vain it rejected them and (literally) returned them upon the hands of those who ... stored them. They were forced upon it again and again until its solvent power was ... out of it.

The world is wiser now than it was in the ... when for one purgation and ... what Artemas Ward would have ... of the faculty. In cases of dyspepsia and ... The great modern remedy for indigestion ... uses is Hostetter's Stomach Bitters, a preparation which has the merit of combining a palatable flavor with such tonic aperient and antibilious properties as were never heretofore united in any medicine.

It has been discovered at last that sick people ... like the fabled Titans who found prostration a refreshment, ... when knocked down they rose ... twice as vigorous as before. When an invalid is prostrated by powerful depleting drugs ... prostrated and too debilitated ... aware of the fact ... prefer the building up to the ... system treatment.

Hostetter's Bitters meets the requirements of the ... medical philosophy ... perfectly pure vegetable remedy ... alterative ... effects a most salutary change ... condition.

A Prophetic Talk at the Home of the Prussian Statesman

[illegible] The [illegible] is taken from [illegible] last [illegible] well known [illegible] of the [illegible] Parliament [illegible]

[illegible] a series on the great statesman that I think [illegible] who [illegible] in private and confidential [illegible] call his attention [illegible] the present [illegible] the depth of [illegible] They have been kept private by one [illegible] to be [illegible] were to be [illegible] confidential until their author had [illegible] similar [illegible] It was on the 13th of June 1867 [illegible] the leading member of the Custom's Parliament met at Bismarck's house for supper [illegible] the beer [illegible] found excellent and the [illegible] ran high the assembly [illegible] their antagonistic views As the evening grew later many withdrew through a side door taking French leave and Dr Voelk of Augsberg the most eloquent speaker for the South German interests was about to disappear in a like manner when he was arrested by a deep manly voice calling out, "Herr Voelk you must stay to-night [illegible] the Bridge over the Main" and with these words Bismarck detained Voelk who had that very day given this name of "Bridge over the Main" to the Customs union with the South Thus we were kept together and for an hour we sat and plunged into the discussion of all sorts of things without reserve Bismarck ever witty and full of spirited chaff amidst the most serious discussions Suddenly he became quiet and very earnest The conversation had touched upon the Luxemburg [illegible] his guests [illegible] that he should [illegible] at that time [illegible] against French arrogance Several gentlemen described the feeling of disappointment caused in their provinces by the moderation and yielding policy of Prussia regarding Luxembourg and their remarks sounding like a reproach. Thereupon in a few striking words the Minister drew a picture of the position of affairs at that period He appeared deeply moved by the subject, and, with genius sparkling in his deep eyes he continued to speak to the following effect

"I spent a long, bitter week which however lasted only from Friday to Friday meditating over the question of war with France The eventuality of defeat did not trouble us for we had Moltke's assurance that we should win But the question was whether we should commence war with France even though we had the certainty or the utmost probability of success This momentous question we decided negatively and resolved to enter upon war only in case it was forced upon us We did consider all the frightful losses all the mourning, and all the misery of thousands of families Yes my friends you may look astonished but surely you will believe that I too have a heart—a heart let me assure you that feels like your own War is war and so terrible are its consequences so heart rending the cry of woe it calls forth, that as far as my influence goes, it shall never be resorted to except in the last extremity After a brief pause he continued We thought, and think that a war with France by being delayed may perhaps be altogether avoided either by certain events taking place in France or by the French people learning to see that two powerful nations have something better to do than to carry on bickerings about the border We furthermore considered that a questions of territory may contain the germ of future quarrels and that the two nations when once set at each other might have a life and death struggle of it We determined to be masters in our own house but not to change the line of frontier as fixed He concluded speaking in that peculiar manner when deeply excited breathing quickly If however they will not recognize our desire to be at peace and if war is ever forced upon us we shall devote our full strength to it and you gentlemen of Bavaria will then I am sure hasten to take part in the first battle which I dare say will be fought near Metz Even in that first fight I am convinced we shall prove superior to the French in every respect He stopped, and Doctor Voelk, to keep up this very interesting conversation remarked that Gen Moltke last year had assured him that in case of war we Germans should be found to excel the French in point of strength and rapidity of movement "You may take his word for it, my dear sir" said Bismarck with great emphasis He looked very serious We now know from the tenor of the secret proposals made, how imminent the danger must have appeared to him The remaining guests left much impressed by what they had heard and when in the street, we agreed that the words spoken that night should be preserved in our memory

San Francisco Established in 1854 for the treatment of Sexual and Seminal Diseases such as Gonorrhoea Gleet Stricture Syphilis in all its forms Seminal Weakness Impotency etc Skin Diseases (of years standing) and Ulcerated Legs successfully treated

Horrible Diseases.

How many thousands of persons both male and female are there who are suffering out a miserable existence from the effects of secret indulgences or from virus absorbed into the system Look at their pallid emaciated and disfigured faces and their broken-down constitutions disqualifying them for the happiness of marriage or the enjoyment of life In this horrid situation thousands suffer until death closes the scene Let parents guardians friends attend to those who are suffering with any of those horrible life-destroying maladies—see that they are cared for and cured before it be too late Send them immediately to Doctor Gibbon a physician who has made private diseases his especial study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs It is important to those who are afflicted or to those who are interested in the welfare of their friends to be careful of the many pretended doctors who infest all cities publishing their skill in curing all diseases in a few days imposing upon the public by using the names of eminent physicians from Europe and other places Be therefore careful and make strict inquiry or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Emissions the consequence of self-abuse This solitary vice or depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms unless combatted by scientific medical measures viz Sallow countenance dark spots under the eyes pain in the head ringing in the ears noise like the rustling of leaves and attling of chariots uneasiness about the loins weakness of the limbs confused vision blunted intellect loss of confidence diffidence in approaching strangers a dislike to form new acquaintances a disposition to shun society loss of memory hectic flushes pimples and various eruptions about the face furred tongue fetid breath coughs consumption night sweats monomania and frequent insanity If relief be not obtained should apply immediately either in person or by letter and have a cure effected by his new and scientific mode of treating this disease which never fails of effecting a quick and radical cure Dr G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of his complaint by either of the San Francisco quacks

MARRIED MEN,

Or those who contemplate marriage who are suffering under any of these fearful maladies should not forget the sacred responsibility resting upon them nor delay to obtain [illegible] relief

DOCTOR GIBBON is responsible and will give to each patient a written instrument binding himself to effect a radical and permanent cure or make no charge

THE RIVERSIDE

HOMESTEAD ASSOCIATION

OF

EAST PORTLAND, OREGON,

[illegible] IS NOW PREPARED TO RECEIVE SUBSCRIPTIONS [illegible] the Stock

All [illegible] of ONE HUNDRED SHARES [illegible] before the books were opened and a large number of shares have been taken

The following extracts from the Oregonian and Bulletin will convey a good idea of the plan and workings of the Association the location of the land, etc., etc.

RIVERSIDE HOMESTEAD ASSOCIATION.

This association of whose organization we gave an account a few days since is now ready to dispose of shares As it is with one exception (the Portland Homestead Association,) the pioneer organization of that kind in this city, it may be well enough to state what are its purposes, and the manner in which it is proposed to conduct its operations The purposes of these [illegible] Associations are not at all speculative in the ordinary sense of the word They are [illegible] for the profits of their investment upon the natural advance in the value of their lands, dependent upon the co-operation of many individuals —shareholders—and the advance on value of all surrounding lands by reason of the expansion of population and demand for room outside of, but still near the city The Riverside H[illegible] Association has a fraction over one hundred and twenty acres of land situated just south of Brooklyn on the east side of the river, the nearest boundary line being about one mile from the ferry landing at East Portland. The tract lies in one strip along the Wallamet river, half a mile in length and another strip along the Oregon and California railroad half a mile in length, the two strips being connected near the middle by two rows of blocks (with a street between them), the whole forming a figure not unlike the letter H. It is divided into 74 blocks, 200 feet square (with streets running at right angles) and 30 fractional lots along the river front. The shares number 600, worth $60 per share. It will be seen that a share thus represents nearly a lot with an undivided interest in the 30 fractional lots. The fractional shares are to be sold off at the [illegible] for the benefit of the Association, [illegible] coming in for the proceeds in proportion to the number of shares held. When all shares are taken and the Association shall determine to do it the choice of lots and blocks will be put up at auction to the highest bidder the proceeds of such sales, after [illegible] the original price of shares or lots, to be divided equally among the whole number of shares. Thus if a person wants a particular lot or block, and is willing to pay $100 or $500 [illegible] (more or less as the case may be) he pays it and takes the lot or block as his individual [illegible] the premium being divided among the whole number of shareholders It will be seen [illegible] everything is co-operative, and all is [illegible] No man can make a dollar out of it without also making a dollar for every other shareholder There is no chance for loss, unless the property by some chance should [illegible] far below the first actual cost. [illegible] liable to happen in the case of this [illegible] tract of land must be judged by each for himself but considering the steady and [illegible] advance on real estate in this city, and vicinity hood and at East Portland and vicinity, in the last year or two, it [illegible] hardly possible for values to go back

In the Riverside Association all [illegible] tions seem to have been taken to guard against monopolies of shares. No person is [illegible] buy more than the number of shares [illegible] three blocks or twenty four lots, and [illegible] terminating the operations of the [illegible] restricted in the same manner. The buyers of shares may pay down $60 per share, and thus exempt them from all [illegible] or they may pay $15 quarterly with an [illegible] share payable with the first [illegible] liable in this latter case to another (and only another) assessment of $3 per share. Upon the payment of the shares in full, with [illegible] as above, the holder is entitled to his [illegible] and his proportion of all the profits [illegible] all sources. No officer of the [illegible] any pay for services except the [illegible] gets $25 per month, so it will be seen that the expenses must be light.

That part of the tract lying along the river is a high plateau nearly level, about [illegible] feet above the water There is no part of the first row of blocks but commands a splendid view of Portland and the river for miles up and down stream That part of the tract lying along the railroad is every foot of it, of the richest loam soil and adapted to gardening purposes. A beautiful little stream of pure water runs through almost the entire length of this wing of the tract, affording the means of irrigation, and power sufficient to supply pure water to every part of the whole tract There is not a waste lot on[illegible] lot in the entire tract. Under all these advantages it would seem impossible that there should be any chance of loss to shareholders. [illegible] year each shareholder if he choose may get a perfect title to as many lots as his shares may represent or he may continue [illegible] provided with the Association [illegible] tion may exist —*Oregonian*

THE RIVERSIDE HOMESTEAD ASSOCIATION.

We have been led to make these remarks from the fact that the subject of making [illegible] the outskirts of this city and East Portland, is being brought [illegible] discussed here among all classes, and each [illegible]

Riverside, just south of East Portland has already been established The site [illegible] is a tract of land lying a little over a mile south of the ferry landing. It is shaped like the letter H, one side of which, a half mile in length borders on the river

[illegible] the portion of the homestead, which is elevated but a trifle above the other prong of the H, but it is all forty or fifty feet above the river can be had an extensive view of Portland, East Portland, the [illegible] The land is not [illegible] the Willamette river for several miles. The land is [illegible] partly covered with light fir timber [illegible] tract of land just wide enough for two rows of blocks with an avenue between them, connects the east prong of the H which has already been described [illegible] The east tract of land is [illegible] under a high state of cultivation [illegible] whole length runs a trout brook, the water [illegible] as crystal With a hydraulic ram the Association proposes to have water conveyed throughout to every portion of the homestead —*Daily Bulletin*.
